## management on the funds.

- Q Okay.
- 3 MR. HASLAM: Can we have Brooks -- I think it is Brooks 7 brought up.
  - Q This is an April 28, 2008 filing with
- the United States Patent and Trademark Office,
- and it is a request by Mr. Brooks to withdraw as
- counsel in connection with this particular
- application. And I will --
- 10 MR. HASLAM: Can you give control to 11 the witness.
- Q It is a reasonably short document. I
- 13 would like you to look at it. I am going to ask
- 14 you if you recall seeing it.
- (Witness reviewing document.) 15
- A So repeat -- I was just reading the
- 17 document. Can you repeat the question, please.
- Q I think it is a little more further 19 down.
- 20 A Yep.
- Q And on the page you're on, you see 21
- 22 that Mr. Brooks -- this is dated April 25,
- 23 2008 -- indicates that the firm or individual
- 24 for future correspondence is Christopher R.
- 25 Ambrose.

- in any of the meetings that you had with
  - Aequitas, did you inform them orally that they
  - needed to do something because Mr. Brooks was

Mr. Brooks was actually withdrawing as counsel,

- withdrawing and there would be no counsel in
- front of the patent to represent those -- that
- portfolio in the Patent Office?
- MR. WANG: Objection to form. 8
- Q You can answer the question.
- A I believe -- timing is going to be
- 11 hard for me here. Before this occurred, when
- 12 bills were coming in, they were presented to
- 13 Aequitas with the -- and with my recommendation
- 14 to them, that they need to keep this patent
- 15 portfolio in place, that they are basically
- 16 controlling the funds, they are controlling the
- 17 collateral, they are the collateral agent, that
- 18 they need to keep this patent portfolio in place
- 19 and as part of the -- part of the management
- 20 services they were providing. They were the 21 collateral agent, they were holding the
- 22 collateral.
- Q My question is: Once you became 23
- 24 aware that Mr. Brooks was actually taking steps
- 25 to withdraw from representation, did you at

54

- Do you recall becoming aware in April
- of 2008 that Mr. Brooks was actually taking
- steps to withdraw as prosecution counsel for the
- patent portfolio owned by Vivato Networks
- Holdings, Inc.?
  - A Yeah, I'm sure this is -- I am sure
- this is a document I received and then -- or
- seen. I don't know if I received it. It would
- have went over to Aequitas.
- Q So you recall -- whether you saw this 10
- 11 document or not, do you recall becoming aware in
- 12 the spring of 2008 that Mr. Brooks was actually
- 13 withdrawing as counsel for Vivato Networks
- 14 Holdings, Inc. at the Patent Office for
- 15 maintaining the portfolio?
- 16 A According to this document, yes.
- 17 Q And you passed that on to -- you
- 18 passed that information on to Aequitas?
- A Yes. Aequitas was getting all the 20 correspondence, I believe.
- 21 Q Well, this particular communication
- 22 filed with the Patent Office -- put it this way:
- 23 I don't know one way or the other whether this
- 24 document ever found its way to Aequitas. What
- 25 I'm asking you is: Once you became aware that

- least inform Aequitas of that fact?
  - A Specifically, I don't recall. I think it is just part of the process of the
  - discussions I had with them on the portfolio.
  - So since the -- I assume if they got this
  - document, it was directed over -- all the
  - documents were being directed to their offices,
  - the Vivato information that, under the merger,

  - was directed to the Aequitas offices, that they
  - 10 would have seen this.
  - Q Okay. And I understand your
  - 12 testimony about that they would have seen this,
  - 13 but I'm asking, independent of that, do you
  - 14 recall having any discussions with them about
  - 15 the fact that Mr. Brooks was no longer
  - 16 complaining about bringing his bills current,
  - 17 but he was actually taking steps to withdraw
  - 18 from representing Vivato Networks Holdings, Inc.
  - 19 at the Patent Office?
  - MR. WANG: Objection. Form. 20
  - 21 Q You may answer.
  - A Yeah, I don't -- I don't recall a 22
  - 23 specific discussion pertaining to this item. I
  - 24 discussed -- I recall the collection of what
  - 25 needed to be done to keep this patent portfolio

A So when they went dark on selling the Q Well, Mr. Ambrose testified that he, 11 patent portfolio in 2008 or '9, I guess it 11 at least for a portion of time, represented the 12 was -- I can't recall the last conversation I 12 Vivato entities and one of the Catcher entities 13 had with Aequitas. I know we had a meeting 13 in some of that litigation, but you were never 14 subsequent to one of the calls we had with 14 aware that there was a foreclosure action that 15 the -- I believe it was a consultant that was 15 ultimately led to Aequitas gaining ownership of 16 helping them move the portfolio. 16 the patent portfolio? 17 I had a meeting with the Aequitas 17 A Oh, I -- oh, no, I'm aware of them 18 folks. They basically told me that they were 18 closing and foreclosing on the collateral. I 19 going to prioritize any payments in the patents 19 don't recall at the time and right now if there 20 sale to them over Western. And I said that's 20 was a complaint against it. I may be -- a lot 21 not how the agreement is in place. We have a 21 of things in my mind is kind of gone because it 22 proportional allocation of the funds, and any 22 is -- of the loss of everything, but I thought 23 payments that come back in on a sale of proceeds 23 it was just a legal process to foreclose on the 24 you can't prioritize yourself. And then I 24 collateral. I'm sure I wasn't happy about it, 25 didn't hear from them. So it is kind of --25 but, you know, it is --62 64 things went downhill fast in the early part of Q There was some litigation about it, 2 the year, and it obviously got pretty sour there but ultimately Aequitas, to your recollection, 3 on the last conversation with them. was able to foreclose on the collateral and obtain ownership of the patent portfolio? So then my brother -- so you asked who was participating -- he wanted to have a A Yes. statement of zero value for his investment so he Q Did it ever come to your attention can do a tax-loss write-off. I contacted that any of the patents applications -- patent applications that Mr. Brooks had been 8 Aequitas and said hey, are -- what is the deal 9 with the patent portfolio? Where is it at? prosecuting went abandoned after Mr. Brooks 10 What is -- and this is late. I mean, this is 10 withdrew and the Patent Office approved his 11 now in -- I don't even remember what year this 11 withdrawal? 12 was. 2010 or '11? I don't really recall, it's A No. 12 13 just been so long. 13 Q Do you know a -- or have any contact I contacted them and asked them what 14 with a Mr. Carl Schwedler, a patent attorney 15 with Bullivant, Houser, Bailey, P.C. in the 15 the status of the portfolio was, where the --16 where they were at with it. And they go, Well, 16 2009-2010 time frame? 17 we sold that portfolio. I said, what? I said, A Is that a firm that was representing 18 how come I wasn't notified? How come I didn't 18 Aequitas? 19 see any proceeds from that? And then obviously Q It is a firm -- it is an attorney who 20 it was, like, you know, come in and talk. And I 20 was a patent attorney in the 2009-2010 time 21 started with the conversation. They weren't 21 frame. 22 going to pay me, so then I had to retain an 22 A In that 2009-2010 time frame, again, 23 attorney to go after them on that. 23 things got real quiet. So the end of 2008, we So it wasn't a smooth relationship 24 had the conversations to move the portfolio. 25 with Aequitas. And as you can see where 25 That -- it may have been in 2009 and not 2008.
